## TECHNICAL DATA SHEET

N° DTE-12/027\_EN

# SOPRACLEANER

### Description

**SOPRACLEANER** is a degreaser and tar remover. **SOPRACLEANER** is a new generation of cleaning product, vegetable-based, ensuring a high efficiency, safety for users, environment and health.

**SOPRACLEANER** is free of petroleum solvents, halogenated solvents, without VOC and not classified as dangerous and non-flammable.

**SOPRACLEANER** is used to dissolve tars, bitumens, oils, greases and gunks on mechanical parts, industrial materials, car bodies, floors, public works vehicles and tar tanks. Removes inks on machines.

### Characteristics

	<b>SOPRACLEANER</b>
Aspect	Transparent yellowish liquid
Density at 20° C	0.87 – 0.89
Flash point	200° C
Composition	Derived from vegetable oil

### Packaging & storage

**SOPRACLEANER** must be stored in the original packaging in ventilated area.

**SOPRACLEANER** is available:

- Cans of 5 liters
- Spayer of 500 ml

### User application

**Very efficient bitumen dissolving:**

- Cleaning traces of bitumen onto white reflective membrane **SOPRA®STAR**, also on concrete and metal pieces.
- Tools cleaning.

Do not use products other than **SOPRACLEANER** (paint stripper, white spirit or other petroleum solvents) on membranes **SOPRA®STAR** at the risk of damaging the white reflective protection.

## Installation

**SOPRACLEANER** is a degreaser and tar remover used cold pure by brushing or spraying.

Let sit for a moment then wipe with a clean rag. Repeat the operation if necessary.

Dipping: immerse the pieces, let sit, then wipe with a clean rag.

Do not apply **SOPRACLEANER** on bitumen and/or tools "hot".  
 Do not apply directly on bituminous membrane with no protection.

It may leave an oily film which can be rinsed off and/or wiped with an absorbent clean rag.

## Special indications

### Safety, health and environment:

The product does not contain any substance likely to be detrimental to health or to environment and complies with generally admitted Health and Safety Requirements. For further information, please refer to relevant Safety Data Sheet.

### Quality control:

**SOPREMA** has always attached the highest importance to Quality Control.

For this reason, we operate an independently monitored Quality Assurance System in compliance with **ISO 9001: 2008** certified by **BSI Management System**.
